Dear Brothers and Sisters,
Om Sri Sai Ram.

As Sathya Sai International Organisation (SSIO) officers and senior devotees, it is our duty to guide the devotees with the right information for their spiritual journey – with one-pointed focus on Bhagawan Sri Sathya Sai Baba and His teachings.

There are some concerns about confusing and distracting information being presented by some individuals – which is misleading and misguiding innocent devotees. Some people claim Bhagawan is appearing in a “Light Body” visible only to certain individuals and that He is delivering discourses audible only to certain individuals.

Senior devotees who have experienced Swami’s pristine love and studied His nectarine teachings know, without any doubt, that this is contrary to His teachings. **Swami has heart-to-heart connection with each devotee, as experienced by many of us. He is omnipresent, and through love, a devotee can feel His presence everywhere and at all times. He is our eternal companion and our indweller. In many of His divine discourses, Swami makes it clear that He does not speak through any person or medium.**

Bhagawan Sri Sathya Sai Baba, the universal and divine teacher, taught us many lessons which are available as “Sathya Sai Speaks” and as “Vahinis” (audio/video/print formats). These are the essence of all scriptures, and all we need to do to redeem our lives is to focus on the Lord’s teachings and follow them earnestly without paying heed to mediums and those who claim that Swami is speaking through them. Having experienced His divine love and having been shown the path to realise our innate divinity, what more is there to gain from the misleading information being presented by so-called “mediums”.

Bhagawan Sri Sathya Sai Baba, the loving Avatar of this age, in His infinite compassion, started various humanitarian service projects to set an example for all of us. He has planned, laid the foundation, inaugurated, and guided exemplary medical and educational institutions, from the very inception. **Every project was completed without any solicitation of funds, following Swami’s divine command.**

In His infinite love, Bhagawan lent His divine name to the Sathya Sai organisation, worldwide. The SSIO is present in 126 countries outside India and is involved in many medical, humanitarian relief, educational and community service projects. As Sathya Sai devotees, it is our duty and obligation to support and nurture these institutions and projects that are His divine legacy, without being distracted elsewhere. **All members and officers of the SSIO are urged to focus on the work initiated by Bhagawan,**

without diverting their attention to Trusts and activities based on mediums and “subtle forms”.

The Sathya Sai International Organisation wishes to make it absolutely clear to all its members and officers that we do not have any connection with the activities in Muddenahalli or with the Sri Sathya Sai Saraswathi Trust. We have also received communication that the Sri Sathya Sai Seva Organisation of India (SSSSO) and the Sri Sathya Sai Central Trust (SSSCT) have no connection with the Saraswathi Trust or institutions such as the hospital started at Raipur, Chhattisgarh and that no member of the SSSSO should have any connection with the Saraswathi Trust or similar organisations.

To clarify this point, a letter was sent on June 11th 2014, with excerpts from discourses by our Lord, Bhagawan Sri Sathya Sai Baba. In addition, please refer to talks given by me, and other respected senior devotees, Sri Satyajit Salian and Prof. Anil Kumar, on this subject. I strongly urge everyone to study and view the materials listed below carefully.
